Retreat

Oak Creek Bed & Breakfast near Athens, Texas, provides a quiet romantic couple's retreat nestled deep in the East Texas woods. It's the perfect weekend getaway and a home base for the area's numerous attractions.

Our private cottages are rustic, but provide a bit of luxury in each one. Each cottage sleeps two and features a queen bed, private bath and plentiful amenities.

Breakfast

Start each day with a steaming cup of hot coffee and a complimentary full breakfast! Something special is featured each morning: pecan-blueberry pancakes made with local blueberries topped with hot buttered syrup, a delicious quiche or a typical Southern breakfast of scrambled eggs, country ham, hash browns with biscuits and gravy.

Relax

The Pleasures of Slowing Down

At Oak Creek, you can escape the hustle and bustle of your everyday routine. No phones, no kids, no stress.

If you're not out exploring the countryside, or touring East Texas wineries, you can spend your time here bass fishing in our pond or walking on our trails. If you'd rather do nothing, laze in a hammock in the shade.

Around the Campfire

When night comes to Oak Creek, the darkness and the quiet sounds of nature envelop everything around and the night sky opens with a brilliance that can only be experienced away from bright city lights.

This is a good time to sit around a campfire and meditate on the day's activities until finally it's time for bed.

Reconnect

Romance Package

Take your relationship to the next level with our romantic getaway package.

Kickstart a new relationship or just say, "I love you" all over again. Start with our Basic Romance Package and build your own memories with a selection of package enhancements. Let us help you set that special mood.

Individual Full Body Massage

In The Privacy of Your Room

Start your weekend with a relaxing and pampering experience. Through massage, rid yourself of the last vestiges of stress while restoring balance and calm on all levels of your being. You deserve it! Couples massages can be arranged in a nearby off-site location.
